Sec. 2. Each Councilor and Alternate Councilor shall normally be elected for a term of three years such that the number of Councilors and Alternate Councilors to be elected in a given year will equal to one-third (1/3) of the number of allowed Councilors and Alternate Councilors.

However, the Executive Committee may, prior to an election, stipulate terms of one or two years as necessary, so as to produce rotation of terms of service.

Sec. 3. In the event that a Councilor shall resign or become ineligible to complete the term, the position shall be filled by the Alternate Councilor who received the highest number of votes in the most recent Section election. The Alternate Councilor vacancy shall be filled as provided for elsewhere in these bylaws, for the balance of the calendar year. If there are one or more years remaining in the appointed Alternate Councilor's term at the end of the year of appointment, the position will be placed on the ballot with the remaining term of office specified, and of the candidates, the one receiving the highest number of votes but not elected to a full Alternate Councilor term will fill the remaining term. The number of Councilors and Alternate Councilors to be elected shall be the number of each to which the Section is entitled by the Bylaws of the SOCIETY.

If one or more of these officers is unavailable, the Secretary and Treasurer, in that order, shall be asked to serve. The Policy Committee shall be responsible for ensuring that the publications, letters, or informational releases bearing the letterhead or apparent sanction of the Section are not at variance with Section bylaws or policies. Its decisions are final until and unless subsequently set aside by a majority vote of the Executive Committee. The Policy Committee shall make policy decisions with respect to the operation of the Section office.

Sec. 2. The Annual Meeting of the Section shall be held in March of each year to receive reports from the previous year by the various officers, boards, and committees as designated elsewhere in these bylaws. Any member may make a presentation at the annual meeting provided that the member has submitted a written proposal to the Secretary at least seven business days prior to the meeting.

Sec. 3. The appropriate meeting sponsor shall distribute a notice of each regular and special meeting of the Section to all members at least five days in advance of such meeting; publication in the current issue of *THE VORTEX* or announcement on the website may constitute such notice.

BYLAW XIV
Election of Officers, Councilors and Alternate Councilors

Section 1. The Chair-Elect, the Secretary or Treasurer, one elected Director, as well as Councilor(s), Alternate Councilor(s), and three Members-at-Large of the Executive Committee to be elected that year, and any other vacancies of an elected Executive Committee member to be filled, shall be elected in November and shall assume office on January 1 following, for the terms set forth in other bylaws.

Sec. 2. The election ballots shall carry the list of candidates for the positions of Councilor and Alternate Councilor, the names being arranged alphabetically. A person who is an Alternate Councilor shall be eligible for election as a Councilor without prior resignation from the position as Alternate Councilor.

Sec. 3. The Secretary shall publish in the June issue of *THE VORTEX*, an announcement of the forthcoming election and a list of offices and other positions to be filled. The announcement shall call attention to the position in these bylaws for nomination by petition and state that all petitions must be received by the Secretary or the Chair of the Nominations and Election Committee by September 20. A petition to nominate shall clearly identify the person nominated, the office or position for which the person is to be a candidate, the year(s) in which the person nominated should serve, and shall be signed by the members submitting the petition.

Sec. 4. The Nominations and Election Committee shall meet before September 10, to prepare the election ballot. The Committee shall subsequently place on the ballot the name of any eligible candidate for any position that has been nominated by petition properly received prior to September 20, bearing the signatures of 10 or more members of the Section. The Committee shall make additional nominations so that the ballot will include at least one candidate for each of the offices of Chair-Elect, Secretary or Treasurer, Director, and at least one candidate for each

of the Member-at-Large, Councilor, and Alternate Councilor positions to be filled. All nominees, whether nominated by petition or by the Nominations and Election Committee, shall become candidates only if they indicate a willingness to serve if elected. All nominations shall be reported by the Committee to the Secretary by September 20.

Sec. 5. If a paper ballot is used, the Secretary shall send to each member before October 15, a printed ballot showing for each office the names of the candidates for that office in alphabetical order and without any other description, as reported by the Nomination and Election Committee. Along with the ballots shall be sent brief (not more than 200 words) biographies and statements, solicited from the candidates. The Secretary shall also send to each member a plain inner envelope in which the marked ballot is to be placed by the voter and an outer envelope, which must be signed by the voter. Ballots shall be sent to the Section Office and shall be picked up by the Chair of the Nominations and Election Committee or a designated member of that Committee. Ballots received by the Secretary before 5:00 p.m. on the first Tuesday in November, the date of which being clearly stated in the ballot materials, shall be delivered to the Nominations and Election Committee. The Committee shall satisfy itself that the persons signing the outer envelopes are entitled to vote and shall then separate the identifying envelopes from the ballots, but retain them, before examining the ballots. Ballots invalidated because of improper signature or other errors in transmittal will be held in the sealed envelopes and attached to the defective outer envelopes. The Committee shall then count the votes in the valid ballots. Those ballots invalidated for other irregularities will also be held by the Nomination and Election Committee. The valid and invalid ballots and the signed outer envelopes shall be held separately for sixty days after the ballots are counted. If at that time there is no challenge to the election results, all ballot materials shall be destroyed. If a mistake in voting is found, only that portion of the ballot containing the mistake shall be considered invalid; the rest of the ballot shall be counted.

Sec. 6. If electronic voting is used, the Secretary shall notify all the members before October 15 that voting is open and the location and manner of voting. The electronic ballot shall show for each office or position the names of the candidates in alphabetical order and without any other description, as reported by the Nominations and Election Committee. If not directly linked to the voting site, the Secretary also shall notify the members where the brief (not more than 200 words) biographies and statements, solicited from the candidates, may be accessed. The electronic voting method must allow only members to vote, allow only one vote per member, and identify the members who voted without any connection to each individual member's voting choices. The voting site must restrict voters to use only valid voting rules, such as one vote per office, and not tabulate invalid ballots. All ballots submitted before 5:00 pm on the first Tuesday of November, the date being clearly stated in the ballot site, shall be delivered to the Nominations and Election Committee. The Nominations and Election Committee shall have access to the ballot site and be able to verify the results of the election for at least sixty days after the ballots are counted.

Sec. 7. If a combination of paper ballots and electronic ballots is used, the Secretary shall require that only one ballot per member is counted.

Sec. 8. The nominees receiving the greatest number of votes for the offices of Chair-Elect, Secretary, or Treasurer shall be declared elected to those offices and ipso facto to the office of Director. The three nominees for Member-at-Large who receive the greatest number of votes shall be declared elected to those positions. The nominee for Director who receives the greatest

number of votes shall be declared elected to that office. Should two or more nominees for an office, Member-at-Large, Councilor, or Alternate Councilor receive the same number of votes, the person elected shall be decided by casting lots among the nominees. The results of the election shall be published in the December issue of *THE VORTEX* and shall be announced at the first meeting held after the ballots are counted. A report of the election shall be submitted to the Board of Directors by the Nominations and Election Committee. Upon acceptance by the Board of Directors, the results shall be promptly reported by the Secretary to the Executive Director of the SOCIETY by December 1 of the year in which they are elected.

Sec. 9. Five percent of the members of the Section shall constitute a quorum for elections.

BYLAW XV Recall of Elected Officials

Section 1. The elected officials of the Section (officers or elected Executive Committee members) are subject to recall for neglect of duties or conduct injurious to the SOCIETY. Recall procedures are not applicable to Councilors and Alternate Councilors elected by the Section.

Sec. 2. The recall of an official shall be initiated when a signed petition describing the specific charges and reasonable substantiating evidence is submitted to the Chair from at least five voting members of the Section. In the event the Chair is the official in question, the Chair-Elect shall receive the petition and shall assume the duties of the office of Chair until the issue is resolved.

Sec. 3. The Chair shall seek an alternate resolution to the problem and a withdrawal of the petition at this time. In the absence of a resolution to the problem, the Chair shall present the issue to the Executive Committee as a new business item at the next Executive Committee meeting.

- a. The Executive Committee shall determine whether to continue the recall process, dismiss the petition as ill-founded, or find an alternative solution to the problem. The Chair shall inform the petitioners and the official of the decision of the Executive Committee.
- b. If the proceedings continue, the Chair shall assign the duties of the official to another qualified member of the Section until the issue is resolved and the official shall be offered an opportunity to answer the allegations in the petition before the Executive Committee.
- c. Every reasonable effort shall be made to contact the official throughout this procedure. That effort shall include a certified letter to the last known address on the official SOCIETY membership rolls. The official shall have thirty days from the date of the mailing to make a written response to the allegations. The Executive Committee shall decide whether to proceed after studying the official's response. The Chair shall inform the official and the petitioners of the decision of the Executive Committee.
- d. If no contact with the official can be made after a reasonable effort, the Executive Committee may remove the official in question with a two-thirds (2/3) vote of the remaining members of the Executive Committee.

- e. If the proceedings continue, the official shall choose one of the following options:
- (1) The official may resign.
 - (2) The official may request a recall vote in the same manner as the original election, which must be consistent with the Section bylaws. The voting membership shall be informed, through brief statements prepared by the Executive Committee and the official, of the issues involved with the recall vote. Both statements shall be given to the voting membership before the vote is taken.
 - (3) The official may request a hearing and a recall vote by the remaining members of the Executive Committee. A two-thirds (2/3) vote of the remaining members of the Executive Committee shall be required to recall the official.
 - (4) The official may choose not to respond and thus forfeit the position.

Sec. 4. The vacancy provisions of these bylaws shall be used to fill a vacancy caused by a recall process. The membership of the Section and the Executive Director of the SOCIETY shall be informed of the results of the recall process and the replacement of the official.

BYLAW XVI Order of Business

On all questions of parliamentary procedure not specified in these bylaws or in the SOCIETY's documents, the most recent edition of *Robert's Rules of Order Newly Revised* shall be authoritative.

BYLAW XVII Amendments and Revisions

Section 1. Amendments or revisions to these bylaws must be proposed by the Executive Committee or must be submitted to the Secretary by a petition signed by at least 20 members of the Section. After review and approval by the Executive Committee, the proposed amendments or revisions shall be submitted for a preliminary review as to legality and form, to the Council Committee on Constitution and Bylaws of the SOCIETY. After this preliminary review, and final approval by the Executive Committee of any changes received, the proposed amendments or revisions shall be voted upon by the members at the next regularly scheduled Section election. The Secretary shall make available to the members the text of all amendments or revisions of the Bylaws at the time available for voting. The results of the voting shall be announced along with the other results of the election.

Sec. 2. A favorable vote by two-thirds (2/3) of the members voting on a proposed amendment or revision as provided in the preceding Section shall constitute the Section's approval of the amendment or revision. An amendment or revision so approved shall become effective upon approval by the Committee on Constitution and Bylaws, acting for the Council of the SOCIETY, unless a later date is specified.

BYLAW XVIII
Affiliated Organizations

The Section may affiliate with organizations composed of scientific, engineering or technical societies operating within the territory of the Section, and hereinafter referred to as a Local Technical Organization, provided the objects and activities of the Local Technical Organization are not in conflict with the Charter, Constitution, and Bylaws of the SOCIETY, or the Section's Articles of Incorporation, and provided the governing laws of such Local Technical Organization precisely state that no society which is a member of such Organization shall be committed by any of its actions in conflict with the Charter, Constitution, and Bylaws of said member's parent organization.
