THE BUZZ ABOUT BUGS: insect chemistry

California Section of the American Chemical Society invites you to a FREE virtual Earth Week event and celebrate the importance of chemistry in everyday life!

Join us for presentations about this year's theme, "The Buzz About BUGS: insect chemistry," featuring fun hands-on activities and exciting demonstrations, plus a virtual visit by ACS President Dr. Angela Wilson.

When: 2-5 PM PDT on Saturday, April 23rd, 2022

Where: ZOOM event

For more information, please contact Sheila Kanodia at sushila.kanodia@gmail.com or visit <https://calacs.org/outreach/earth-week/>

We hope to see you there!
