

Reducing Our Footprint with  
**CHEMISTRY!**

## FREE VIRTUAL SCIENCE FAMILY EVENT

The California Section of the American Chemical Society  
Celebrates Earth Week virtually

**DATE: Saturday, April 24, 2021**

**TIME: 11 A.M. – 3 P.M. Pacific**

Our virtual event on April 24th will be a fun-filled learning event. Several hands-on demonstrations, short lectures and explanations of activities will keep it exciting, engaging and informative. One of these activities will involve plant smells (flower, leaves, barks etc.), guessing the smells, and building models of molecules behind these smells. The event theme is "Reducing Our Footprint with Chemistry." Register at <https://www.brownpapertickets.com/event/5067748>.

A Zoom link will be sent to registered participants shortly before the event.

Learn more about Chemists Celebrate Earth Week at [www.acs.org/ccew](http://www.acs.org/ccew) and download instructions for safe, fun hands-on science activities and more!

For additional updates from your local California Section of the ACS, visit [www.calacs.org](http://www.calacs.org), our [Facebook page](#) and our [LinkedIn page](#).

**We hope to see you there!**

**April 18–24, 2021**
